It's nesting season so please postpone tree trimming. Also, it's horticulturally unsound for trees to be trimmed this time of year.

Note: there was a huge backlash from the community when Harvard Westlake scheduled tree trimming in April.

I will be happy to help advise the best time of year and best practices for tree trimming.

FYI:

The Studio City Business District is pleased to announce that our Annual Tree and Palm trimming will begin on Monday June 4, starting at 7am. The only time a lane closure will be in effect is when we are trimming and cleaning our Medians.

The maintenance will be starting at Carpenter avenue and move west to Coldwater Canyon. The process is projected to take 3 days.

Please let us know if you have any questions.

Sincerely,
John Walker
